

AL031854_AL011991 | Independent discrete
input 25/25; output 16/15, k=16
 $\alpha=1.0$; $\delta=(170.552, 164.032, 426.184)$ projected km

validated | Common basin projected coordinates; all supplied vertices.
Discrete output coupling 426.184; threshold 426.184.
