

AL101886_AL051950 | Independent continuous
input 25/38; output 5/11, k=11
 $\alpha=0.5$; $\delta=(43.4743, 35.7631, 820)$ projected km

validated | Common basin projected coordinates; all supplied vertices.
Discrete output coupling 796.481; threshold 820.
