

EP072011_EP092011 | Independent discrete
input 26/50; output 26/45, k=45
 $\alpha=0.5$; $\delta=(61.3901, 38.9242, 401.586)$ projected km

validated | Common basin projected coordinates; all supplied vertices.
Discrete output coupling 401.586; threshold 401.586.
