

AL072006_AL011900 | Independent continuous
input 62/81; output 12/10, k=12
 $\alpha=0.5$; $\delta=(83.4081, 81.1585, 2969.78)$ projected km

validated | Common basin projected coordinates; all supplied vertices.
Discrete output coupling 2961.87; threshold 2969.78.
