

AL102008_AL061989 | Independent continuous
input 33/36; output 4/5, k=5
 $\alpha=0.5$; $\delta=(55.4906, 66.5935, 700.524)$ projected km

validated | Common basin projected coordinates; all supplied vertices.
Discrete output coupling 658.892; threshold 700.524.
