

AL182011_AL061926 | Independent discrete
input 31/27; output 29/26, k=29
 $\alpha=0.5$; $\delta=(27.787, 35.39, 785.745)$ projected km

validated | Common basin projected coordinates; all supplied vertices.
Discrete output coupling 785.745; threshold 785.745.
