

AL091947_AL011953 | Independent continuous
input 36/53; output 8/14, k=14
 $\alpha=0.5$; $\delta=(52.2951, 32.9158, 1009.52)$ projected km

validated | Common basin projected coordinates; all supplied vertices.
Discrete output coupling 1004.1; threshold 1009.52.
